Consultant

Mobile app interface for a shop. The header is red with a hamburger menu, a circular logo featuring a dog's head, and a user profile icon. Below the header is a red bar. The main content area is white and contains a red-bordered box with four input fields: "Product ID:", "Product name:", "Product price:", and "Quantity". Below these fields is a red button labeled "Add Product". The bottom navigation bar is red and contains five icons: a bone, a collar, a dog's head, a bowl, and a bell. The Android navigation bar is visible at the very bottom.

As a shop

Mobile app interface for a rescue center. The header is red with a hamburger menu, a circular logo featuring a dog's head, and a user profile icon. Below the header is a red bar. The main content area is white and contains two buttons: "Adoption requests" and "Rescue requests". Below these buttons is a red-bordered box with five input fields: "Name:", "Breed:", "Age:", "Weight:", and "Add attachments". Below these fields is a red button labeled "Upload Info". The bottom navigation bar is red and contains five icons: a bone, a collar, a dog's head, a bowl, and a bell. The Android navigation bar is visible at the very bottom.

As a recue center

Thank You
